

# To WIN... OR NOT

## Why I want to WIN

- extend my network in Cali
- prestige / proof / credibility
- honor the people who've supported me - feature in their cap.
- build pag. coaching biz
- grow my audience online
- Challenge myself to go all in & see what happens
- Impact real & for people instead of pageant patty's ruling the scene.
- Give love & gratitude to the people that don't typically receive. Be the "liars"!

## Why I want to NOT WIN

- ① Commit to cost in time + \$ for travel, beauty, wardrobe, etc. ugh. yeah. 'borrow'?
- ② ~~be stressed out by need to meet other ppl's expectations~~
- ③ ~~insecurity about being from small town in PA (now in LA)~~
  - seen as a "fraud"
- ④ ~~if I go "all in" what will it mean if I fail? I'll get close 😊~~
- ⑤ ~~I may not be able to do every thing I say I want to whoop-di-do!~~
- ⑥ Could be a distraction from my biz/career  
I'll use it to grow my biz instead!

just be myself 😊
